Doug Sparks and Garth Graydon

Engadine Bowling Club

WHO IS OZZ?

Some people in the Club O-Sphere are asking who is Ozz Projects? We are the guardian angels of the hospitality industry in that we work collaboratively with you through the timely, cost effective and quality delivery of your project to provide your venue with a new lease on life. This may be in terms of an addition or alteration to your venue to help you revamp and provide your patrons with a new experience.

'Since my July 2015 appointment as General Manager of Engadine Bowling & Recreation Club, I have had the privilege of working with Ozz Projects Pty Ltd during the refurbishment of our club.

Ozz Projects offered a considered & collaborative approach backed up with fair, open & transparent communication. At all times, they were considerate to the daily operations of the club & maintained a positive relationship with members, guests & staff.

I have worked with a lot of builders over the years and seen the worst and I must say, I have now met the best. I have no hesitation in recommending Ozz Projects & look forward to working with them again in the future.' – Arron Ferey

Ozz Projects is a boutique, modern new approach builder who loves building quality, affordable, contemporary projects. Ozz Projects loves the look on the client's face when they deliver an amazing project that achieves all the client's expectations. The management team of Ozz Projects has over 100 years experience meaning that your venue is in caring and experienced hands.

Every venue wants to be the best they can be and has goals they want to achieve in terms of the atmosphere and appearance of their venue. The goals may have been a dream in the past but with the help of Ozz Projects those dreams can now become a reality. Ozz Projects treat each individual client with the care, priority and focus they deserve regardless of the size and scale of the project. Ozz Projects deliver nothing but five star service priding themselves on transparent communication, integrity and respect as well as a few other key focus areas.

BALMORAL BEACH CLUB.

This amazing location was picturesque prior to Ozz Projects' recent construction works but now it's an 'entertainers heaven'. The additions to the existing first floor including the cool room and refurbishment to the kitchen means its now even more of a perfect location to entertain. The newly modern kitchen inclusions means the chef's can now cook up even more of a storm.

ENGADINE BOWLING CLUB.

Is your venue in need of a shake up? Ozz Projects helps their clients to shake off the old, tired designs and transform and revamp their venue to a more modern, current, timely design. With extensive hospitality experience Ozz Projects not only knows the difference between good coffee and bad coffee but they know the importance of quality work being delivered at an affordable price. Ozz Projects has thorough experience working in occupied premises and prides themselves on being able to communicate with all necessary stakeholders making the renovation process a smooth one for all involved. Ozz Projects were responsible for the bistro and lounge area, as well as the new gaming and outdoor gaming areas of Engadine Bowling Club.
